(providing glycolipids, phytoceramides, & glycosylceramides)		

\*\*Percent Daily Value are based on a 2,000 calorie diet.  
\*Daily Value (DV) not established.

Ceramides are naturally occurring lipids (or fatty materials) found naturally in the upper most layer of the skin. Levels of Ceramides decline with age while factors such as stress, poor nutrition and environmental contamination may accelerates this process. Ceramides maintain skin hydration, boosting the renewal process from inside and out, keeping skin healthier and younger looking. Go Pure Anti-Aging Phytoceramides allows your skin to continue to do this as you age.

- ✓ Restore the protective skin layer
- ✓ Get rid of dry flaky skin and hydrate from the inside out
- ✓ Skin is able to hold on to the moisture better
- ✓ Gluten free
- ✓ FDA approved
- ✓ Oral Ceramides have a better saturation
- ✓ 40mg of Rice Phytoceramides is more effective then 350mg of Wheat Phytoceramides
- ✓ Simple, easy and affordable

ZERO Fillers ZERO Binders ZERO Artificial Ingredients
